

Grade 10

Task 1. Read the text and choose the correct answer A, B or C. (10 points/ each question is worth 2 points)

Families come in many shapes and sizes. Some families are large, with several generations living together under one roof, while others are small, consisting of just parents and one or two children. Families often include not just parents and children, but also grandparents, aunts, uncles, and cousins. No matter their size or shape, families play a key role in our lives. They provide emotional support, teach values, and create a sense of belonging. In many cultures, family members gather for special occasions such as holidays, birthdays, or weddings. These gatherings help strengthen bonds and create lasting memories. While families may face challenges, they often work together to overcome difficulties, supporting one another through good times and bad.
