

Grade 4

Task 1. Read the text and for each question, choose the correct answer A, B or C. (10 points / each question is worth 2 points)

My Family

I live in a house near the mountains. I have two brothers and one sister. I am the youngest. My father teaches maths, and my mother is a nurse at a big hospital. My brothers go to school. My sister goes to university. My grandmother also lives with us. She cooks the best food!

My family is very important to me. We do lots of things together. My brothers and I like to go on long walks in the mountains. My sister likes to cook with my grandmother. On the weekends we all play board games together. We laugh and always have a good time. I love my family very much.
